**These items are both used for washing clothes.**

***How did the old one work?***

They would stick the whole thing in water and then put your clothes and scrub it on there.

***How has the item changed?***

It's shinier and bigger. They didn't have electronics so they couldn't have cords. Now it has a cord. You used to have to scrub, now you push a button.

**These items are both used for listening to music.**

***How did the old one work?***

There was a player. You push a button and it plays. You just put it in and it plays.

***How has the item changed?***

The CD you can put into a TV. One is a circle and the other is flat.

**These items are both used for calling people.**

***How did the old one work?***

You push buttons. You spin it around and then you call when you hear a bell ring.

***How has the item changed?***

The old one is big and the new one is small. You have to put in a password to call people. Now you can watch videos.

**These items are both used for storing food.**

***How did the old one work?***

You open it and eat. We still use these. It's a lunch box!

***How has the item changed?***

One is for the Broncos and one is for the Chiefs. The new one zips. It is blue and has pockets.

**These items are both used for going to the bathroom.**

***How did the old one work?***

You just sit on it. It goes on the floor or the sidewalk.

***How has the item changed?***

This is white, the old one is black. The new one is big and the old one is small. The old one doesn't have a flusher or a lid. I like the old one better.

**These items are both used for cleaning dishes.**

***How did the old one work?***

It scrapes them. Maybe it scratches the dishes?

***How has the item changed?***

The new one has fabric. One is hard and one is not hard. The new one is itchy!

**These items are both used for watching movies.**

***How did the old one work?***

You put it in an old fashioned DVD player and press a button.

***How has the item changed?***

They have different movies. One is flat and one is large. One of them you just put in and it begins. The other one you have to pick the channels.

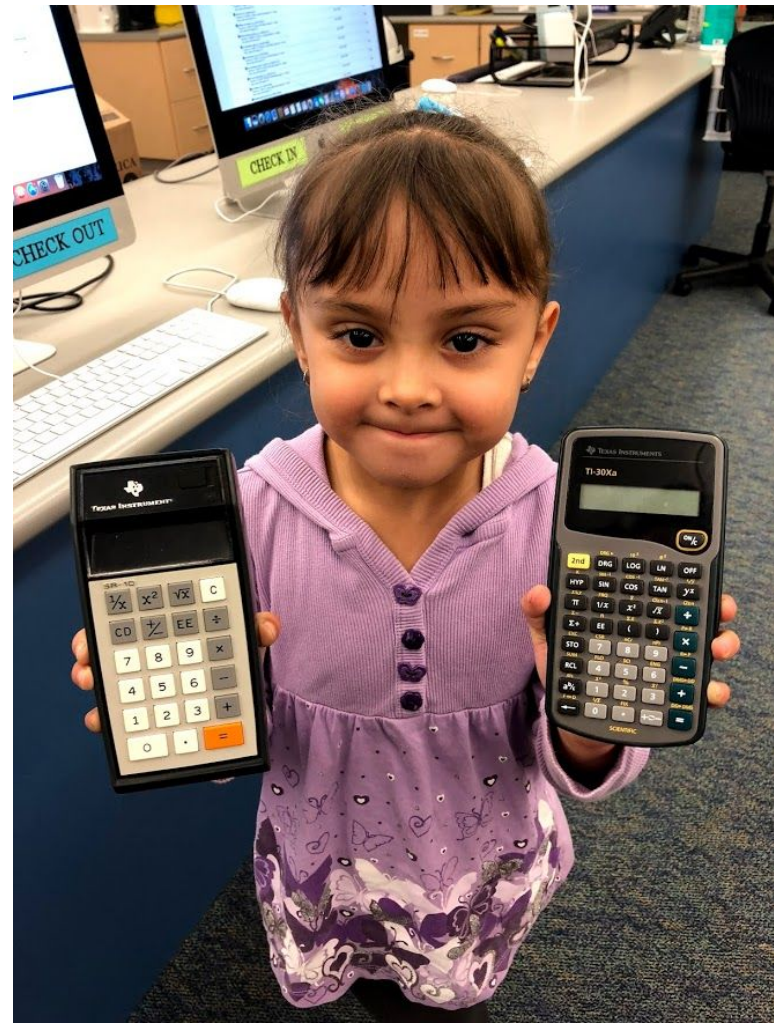

**These items are both used for solving math problems.**

***How did the old one work?***

If people had trouble with money they would push the numbers. The = sign gives you the answer.

***How has the item changed?***

One has a button on top and one doesn't. The new one has more buttons. One is flat on top and one is not.

**These items are both used for making popcorn.**

***How did the old one work?***

You put the seeds in and roast it over the fire. You would shake it so it didn't burn.

***How has the item changed?***

The new bag gets fluffy. One uses a fire and one uses a microwave. One is made of a bag and one is made of metal.
